

FERRETTI YACHTS 780

\$1,400,000 Year: 2009 | Length: 78.75 ft | Indonesia

FERRETTI YACHTS 780

OVERVIEW

Welcome to this exceptional 2009 Ferretti 780 motor yacht. This yacht epitomizes Italian luxury and craftsmanship, with four en-suite cabins, featuring a full-beam master, two twin cabins, and a forward VIP cabin. The large aftdeck opens into a two level saloon with Italian leather sofas and two steps takes you to the raised dining room with an extendable glass table. The joinery is finished in a light teak finish which gives a timeless and bright interior when coupled with the fine weave white carpet and smooth white leather sofas. The large well protected flybridge has ample dining for 10 people plus sunbeds and helm station that seats two. The well equipped galley is located between the helm station and dining table creating a natural separation between guests and crew.

The yacht has been expertly maintained and up-graded including new chart plotters and navigation equipment, she is currently undergoing scheduled maintenance including docking. She is complete with a tender and 30hp engine, with an aft garage perfect for storing a jetski or additional tender.

Beyond her stunning aesthetics, there is exceptional performance with a top speed of 30kts thanks to her powerful V12 MTU engines with 1,600hrs.

Whether entertaining or relaxing, this yacht is your passport to enjoying the yachting lifestyle. Inquire now to arrange a viewing or schedule a video tour of the yacht

BOAT DETAILS

General Description

At a length of 24 meters the Ferretti 780 is characterized by a completely innovative layout considering its internal details that guarantee ample space. The 780 presents refined Italian craftsmanship and this yacht has the light teak interior which gives a heightened sense of space and light.

The interior design design has integrated the access ladder to the flybridge within the wall structure of the yacht which offers a continual visual solution from the rear deck facing the bow- thus enlarging the space dedicated to the conversation area featuring double sofas of contemporary design.

Light colored finishes highlight the spirit of the boat, while large window structures allow to live in close contact with the sea, rendering the master cabin and the bathroom area an environment of great elegance to enjoy in full contact with the sea. Thanks to the introduction of the rear garage covered in teak the 780 offers many opportunities to take advantage of the open space, facilitating an easy descent into the sea.
